The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macoa	60,000
Hong-Kong	250,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,250,000
Wan-Chu	300,000
Ningpo	400,000
Hang Chean	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the communications of the Government, of business, and of social life especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population *Four hundred and Fourteen millions*, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter.

No enterprise commends itself as in a greater degree renumerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

☞ The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York *Herald, Tribune, World, Times, Post, Express, Independent*, and in the Philadelphia *North American, Press, Ledger, Inquirer, Age, Bulletin* and *Telegraph*.

Shares of this company, to a limited number, may be obtained at $50 each, $10 payable down, $15 on the 1st of November, and $25 payable in monthly instalments of $2.50 each, commencing December 1, 1868, on application to

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullnes of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate diseases of the Liver or Digestive Organs, combined with impure blood.

HOOFLAND'S GERMAN BITTERS

is entirely vegetable and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made, are gathered in Germany. All the medicinal virtues are extracted from them by a scientific Chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

HOOFLAND'S GERMAN TONIC

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in case where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of runs in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These remedies are the best

Blood Purifiers

ever known and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order, keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no diseases will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything, you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find that "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

Yours Truly,
GEO. W. WOODWARD.

FROM HON. JAMES TAOMPSON.

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it.

Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere. I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates Street.

CAUTION.

Hoofland's German Remedies are counterfeited. The Genuine have the signature of C. M. Jackson on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

Price of the Bitters, $1 per bottle; Or, a half dozen for $5.

Price of the Tonic, $1 50 per bottle; Or, a half dozen for $7 50.

The tonic is put up in quart bottles.

Recollect that it is Dr. Hoofland's German Remedies that are so universally used and so highly recommended; and do not allow the Druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These Remedies will be sent by express to any locality upon application to the

DEMOCRATIC PRIMARY ELECTIONS.

Agreeably to the provisions of the Rules for the Government of the Democratic Party of Bedford County, adopted by the Democratic County Committee, Feb. 25, 1869, the Democratic voters of Bedford County will assemble at the polling places in the several election districts, on SATURDAY, MAY 29, and vote by ballot for the choice of Candidates for the several offices to be filled at the next General Election, and, also, for two Inspectors and one Judge for each polling place who shall hold the primary Election for the next year. The Vigilance Committe now in existence shall hold this election, and in districts which have no such Committees, the Democratic voters present at the polling place at the time herein fixed for the opening of the polls, shall elect two Inspectors and one Judge to hold the election. The polls in the townships shall be open from nine o'clock a. m. until 6 o'clock p. m., those in the boroughs from 1 o'clock p. m. until 6 o'clock p. m. An accurrate list of the names of all persons voting shall be kept and a correct and full return of all the votes cast for the several persons voted for shall be made out, and both the list and returns shall be certified over the signature of at least two of the election officers to be correct and true. After the counting of the ballots, and the proper certification of the returns, the list of voters and the return of votes for the several candidates, shall be sealed up by the Inspectors and delivered to the Judge, who shall place the sealed return in the hands of the Chairman of the County Committe, at a meeting of the Judges from each polling-place, to be held at the Court House, in Bedford, on TUESDAY, JUNE 1, at one o'clock, p. m. All persons entitled to vote at the election for Representatives in the Legislature and pledging themselves to vote the whole Democratic ticket at the next General Election, will be permitted to vote at this election.

J. W. DICKERSON,
Ch'n Dem. Co. Com.

NEW LAW OF TESTIMONY.

The following is the act passed by the last Legislature, permitting parties to the record of any civil proceeding, except in excepted cases stated in the first section, to give evidence on trial. The law has been in force since the 15th, and the general impression seems to be that it will prove advantageous to the administration of justice:

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That no interest nor policy of law shall exclude a party or person from being a witness in any civil proceeding: *Provided,* This act, shall not alter the law, as now declared and practiced in the courts of this Commonwealth, so as to allow husband and wife to testify against each other, nor counsel to testify to the confidential communication of his client; and this act shall not apply to actions by or against executors, administrators or guardians, nor where the the assignor of the thing or contract in action may be dead, excepting in issues and inquiries *devisavit vel non* and others, respecting the right of such deceased owner, between parties claiming such right by devolution on the death of such owner.

SEC. 2. That a party to a record of any civil proceeding, in law of equity, or a person for whose immediate benefit such proceeding is prosecuted or defended, may be examined as if under cross examination, at the instance of the adverse party, or any of them, and for that purpose may be compelled in the same manner, and subject to the same rules for examination as any other witness, to testify; but the party calling for such examination shall not be excluded thereby, but may rebut it by counter testimony.

SEC. 3. That the testimony of witnesses authorized by this act may be had by deposition or commission, issued, as the case may require, with such notice to the party to be examined, and to the adverse party, as is now or may hereafter be prescribed by the rules of the proper court touching the taking of depositions and testimony and commission.

JOHN CLARK,
Speaker of the House of Representatives.

WILMER WORTHINGTON,
Speaker of the Senate.

Approved the fifteenth day of April, Anno Domini one thousand eight hundred and sixty-nine.

JOHN W. GEARY.

LARGE MOUTH.—A fellow, whose countenance was homely enough to scare a Quaker, was lounging around a public house, when he was observed by a Yankee, who asked him if he had not met with an accident when he was young. "What do you mean, you impertinent scoundrel?" "Why, I didn't mean nothin', only you have got such an all-fired crooked mouth, I thought as how you might have fallen in the brook when you were a boy, and your mother hung you up to dry."

AMUSEMENT.—People should be guarded against temptation to unlawful pleasures by furnishing the means of innocent ones. In every community there must be pleasures, relaxations, and means of agreeable excitement; and, if innocent are not furnished, resort will be had to criminal.

CLEANLINESS.—There is a homely, but yet very forcible expression, that "cleanliness is next to godliness;" meaning thereby that habits of cleanliness tend not only to health of body, but to that state of moral feeling which becomes man as the chief creature of the Almighty.

THE HORROUS OF BEING "INSTANTLY KILLED."

Count Tolsboi's "Sevastopol in May," in course of publication in "*Hours at Home*," gives a very remarkable description of the death of a man who is instantly killed—as the living say, "instantly killed"—by a piece of a shell which strikes him. But to him, the dying man, his death seems a different affair. This surely is extremely powerful writing:

Michallof looked behind him. The shining point of bomb seemed to stand at the zenith—in that position where it is impossible to tell its direction. But that lasted only a minute; the bomb came quicker and quicker, nearer and nearer, so that you could see the sparks from the tube and hear the fatal whistling, and directed its course straight at the middle of the battalion.

"Lie down," cried a voice.

Michalloff and Praskukin lay down on the ground. Praskukin, tightly closing his eyes, heard only how the bomb fell heavily somewhere very near on the hard ground. A second passed—it seemed an hour—and the bomb did not burst. Praskukin began to be afraid that he had done a cowardly act without any reason, that perhaps the bomb had fallen far away, and that he only thought he heard the fuse fizzing. He opened his eyes and saw with satisfaction that Michalloff lay immoveable on the ground near his legs. But his eyes at that moment met the sparkling fuse of the whirling bomb not a yard from him. A horrid—a cold horror excluding all other thoughts and feelings—took possession of him. He covered his face with his hands.

Another second passed—a second in which a whole world of feelings, thoughts, hopes, and recollections passed through his mind.

"Whom will it kill; me or Michalloff? or both together? If it hits me where will it hit? in the head then, it's all over; if it hits my leg, they will cut it off, and I shall ask them to do it by all means by chloroform—and I can still get through alive. But perhaps it will only kill Michalloff—then I can tell how we were walking together, and he was killed and I was spattered with blood. No; its nearer to me, it will kill me!

Then he recollected the twelve rouble that he owed Michalloff; he recollected also another debt at Petersburg that he ought to have paid long ago; a Gipsy air that he had sung in the evening came into his head. The girl whom he loved appeared to his imagination in a cap with lilac ribbons; he remembered a man whom he had insulted years before and who had never paid it back, although at the same time with these and a thousand other remembrances the feeling of his present circumstances—the expectation of death—never for a moment quitted him. "However, perhaps it will not burst," he then, and with a despairing decision wanted to open his eyes. But at that instant, through the still shut lids he saw a red fire, and with a horrible noise something hit him in the middle of the breast. "Thank God! I am only bruised," was his first thought, and he wanted to feel his breast, but his hands seemed to be bound down, and a weight to keep down his head. The soldiers shone in his eyes, and he unconsciously counted them: "One, two, three soldiers, and that one whose overcoat has slipped down is an officer," he thought. Then he saw flashes, and he thought "what are they firing from, mortars or cannon? They are firing again, and there are more soldiers; five, six, seven soldiers, and they all go past." He had all at once became afraid that they would leave him there. He wanted to cry out that he was wounded, but his mouth was so dry that his tongue stuck to his palate and a horrible thirst tormented him. He felt how wet he was about the breast. "Really I fell into some blood when I lay down," he thought and yielding more and more to the fear that the soldiers who were going past would leave him there, he collected all his forces and tried to cry out. "Take me along," but instead of that he groaned so horribly that it was awful to hear his own voice. Then some red fires danced in his eyes, and it seemed to him that the soldiers were laying stones on him; the fires danced quicker and quicker, the stones which they laid on him oppressed him more and more. He made an effort to throw off the stones, stretched out, and then neither saw nor heard, nor thought nor felt. He was killed on the spot by a fragment of shell in the middle of his breast.

A ROMANCE OF THE CUBAN REBELLION.—An American citizen who was in the Theatre of Villanueva on the evening of the 22d ult., and witnessed the riot and massacre in the streets of Havana that evening, says that the origin of the outburst was the shooting of a young woman. He says: "A very beautiful girl, the daughter of Aldoma, one of the wealthiest and most noble of all Cubans, wore upon her left breast the American flag with the inscription, 'Long live the Republic of Cuba,' upon it. When that stirring song was being sung, the whole audience arose to acknowlege the salute—all eyes were now bent upon her—a low mean cowardly Spaniard shot her with a revolver killing her instantly. Two American gentlemen occupied the box adjoining Senorita Aldoma, whose names I do not know, but one of whom, seeing the pistol pointed at the young lady's breast, drew his revolver, and a second after the Spaniard had fired blew the top off the head of the cowardly assassin. Instantly the whole theatre was the scene of the greatest confusion, and the Spanish troops rushed in and commenced firing upon the masses of huddled, unarmed, innocent men and and women."

THE NEVADA CALAMITY.

It is seldom that we are called upon to record the occurrence in our own country of a calamity like that which was lately telegraphed from California. The great silver mines at Nevada are on fire; and it would appear that nearly forty of the miners have perished in the flames. The scene at the mine is described as heart-rending.

The wives and families of the unfortunate men who perished in the conflagration are gathered about the entrance of the shafts, and exhibit a spectacle of grief and despair that melts the hardest hearts. The mines were all a roaring pit of flames. It does not yet appear what caused the disaster, nor what the flames find to feed upon; but it is probably another case of the dreaded "firedamp," that inflammable and explosive collection of noxious gases which has caused so many and such terrible disasters in the mines of Great Britain.

To guard against this imminent danger the safety-lamp was invented; and its use, under very strict and rigorous rules, is insisted upon in the European, and doubtless also in the American mines. Notwithstanding, however, all the precautions that can be taken, the danger of an explosion of "firedamp" in the mines apears to be always very great, both on account of carelessness in the use of the safety-lamp, and also from the effects of blasting.

Hitherto the mines in this country have happily been almost exempt from these calamities, in comparison with the dreadful experience of the Cornish and Welsh miners, perhaps because some of our miners are more intelligent and careful; though a large proportion of their number are Cornish miners.

The danger seems to be far greatest in the deepest mines. The silver mines of Nevada are from 1,000 to 1,300 feet deep; while many of the British and continental coal and tin mines are much deeper—several being about 2,000 feet below the surface; and one—an abandoned mine in Kuttenburg Bohemia—reaches the enormous depth of 3,500 feet.

DON'T YOU LOVE HIM, FATHER?—One Sabbath evening, the father of two little children had placed one on each knee, to ask them what they had heard in the infant school that day. He was not a professor of religion, although he had a pious wife. The little children began to tell him in their own way, of the beautiful home in Heaven that Jesus had left because of His love to them. Looking full in her father's face, a little girl said, "Jesus must have loved us very much to do that; don't you love him for it, father?" Then they went on describing the trials and sufferings of our Saviour, and she again asked the question. "Don't you love Him for that, father?" and when they spoke of His death on the cross, the little one asked the third time, "Now don't you love Him, father?" The father had to put the children down and go out of the room to hide his emotion. He confessed to the writer afterward, that he felt more under the artless questioning of his little children, than he ever felt under the most powerful preaching in his life. He soon afterwards united with the church.

A KLEPTOMANIAC LEAGUER.—An afternoon cotemporary gave an account the other day of the arrest of a Leaguer by a grocer on the charge of theft, which was settled by the grocer compounding a felony and accepting $500 for the amount stolen. Kleptomania is a good title for theft when a rich man or woman is the guilty party, but we believe we have never heard of a poor person, man, woman or child, being afflicted with that singular and peculiar disease. When they lift anything it is called *theft*. In the case in question, however, we can readily account for the mania. He is one of the "trooly loil," and acquired the habit of stealing during the war, which habit, as with many others of the "truly loil," has become second nature. In fact, it is said to be a contagion peculiar to loyal Leaguers, which, since the close of the war and the absence of fat contracts, manifests itself frequently in petty pilferings. Even the great General Burbridge, a Radical special agent of the Treasury, has been inoculated with the disease, and Butler is said to be an incurable case.

Two lawyers in Lowell were returning from court when the one said to the other:

"I've a notion to join Rev. M——'s church—been debating the matter for some time. What do you think of it?"

"Wouldn't do it," said the other.

"Well, why?"

"Because it could do you no possible good, while it might be a great injury injury to the church."

LIFE AND ITS END—Remember for what purpose you were born, and though the whole of life look at its end; consider, when that comes, in what you will put your trust. Not in the recollection of a life spent in giddy conformity to the silly fashions of a thoughtless and wicked world, but in that of a life spent soberly, righteously, and godly in this present world.

A recent writer says: "There is many a proud spirited, sensitive woman, who feels herself a beggar, and unless from absolute need, will go without, rather than ask her husband for money for her own use." Poor dears; we should like to meet one of this kind.

A colored Treasury employee recently appointed, fell dead while engaged in the discharge of his duties. Office-holding does not appear to sit well on the colored folks.

HOUSE AND FARM.

It is said that if a sheep is kept fat the wool will be coarser than if kept only in moderate flesh.

A correspondent of the Journal of the Farm says he raised 1200 bushels of sugar-beets to the acre on soil not over six inches in depth.

Three hundred and fifty bushels of potatoes remove ninety pounds of potash from the soil on which they are grown; consequently, wood ashes is one of the most valuable manures for a crop.

There is a man in the West who moves so often that whenever a covered wagon comes near the house, his chickens all fall on their backs and cross their legs, ready to be tied and carried to the next stopping-place.

Notwithstanding the soil of England is growing richer, clover is so uncertain that it is sown once in twelve years. This is because roots have extracted the clover element from the soil and the attempt of the agricultural chemists to supply it has failed.

Mr. R. Murray, who raised potatoes the present season at the rate of 350 bushels to the acre, and onions at the rate of 622 bushels to the acre, stated at a late meeting of the Waltham, (Mass.) Farmers' Club, that he had found air-slacked lime to be a sure cure for the onion-maggot.

A Way to Remove Foul Air From Wells.—A correspondent of the Scientific American had a well "so full of carbonic acid gas, that it instantly extinguished a lighted candle. He cleansed it thoroughly by letting an umbrella down and rapidly hauling it up a number of times in succession.

Riddling a Henery of Lice.—Daniel Kembell, of Mt. Holly, N. J., is positive "if you mix about a gill of gas-tar with a pail of whitewash, and apply it with a brush to all exposed surfaces these pests of the roost will either die quickly, or go away very fast." The recipe is certainly worth trying.

The Utica *Herald* says: "Averaging the results of several careful experiments in feeding corn to hogs, shows that two bushels of corn in the ear, or one bushel of shelled corn, made nine and seven twentieths pounds of pork, while the same amount ground into meal and mixed with water made eleven and one eighth pounds of pork."

Lard should never be used for greasing wagons, for it will penetrate the hubs, and work its way along the tenons of the spokes, and spoil the wheel. Tallow is the best lubricater for wood axeltrees, and castor oil for Iron ones. Just grease enough should be applied to the spindle of a wagon to give it a light coating.

To Destroy Lice on Cattle.—I have tried many remedies, yet I have found none which effects a cure so quickly and thoroughly as to make a strong suds of soft soap and rain water, adding a handfull or so of common salt, which forms a thick paste, like substance. Apply this by rubbing thoroughly over the animal. If using it upon colts, blanket them well to prevent their catching cold. I have known one application to entirely obliterate all traces of these pests, leaving the skin in a natural and healthy state.—*Cor. Rural New Yorker.*

How to Make Good Yeast.—A farmer's wife sends us the following recipe for making good yeast:

Take eight good sized potatoes, peel and boil them in a gallon of water until quite soft; then smash them very fine, and put in two thirds of a cup of salt, and one cup of sugar; pour over them the water they were boiled in and let them stand until cold. Then put in some good yeast, and pour all into a good clean jug; let it stand in a warm place twelve hours, then cork up tight, and set in a cold place. It will be ready for use in a day or two, and will keep a month in summer, and any length of time in winter if kept tightly corked.

Fine Blacking for Shoes.—Take four ounces of ivory-black, three ounces of the coarsest sugar, a tablespoonful of sweet oil, and a pint of small beer; mix them gradually cold.

A strong Paste for Paper.—To two large spoonfulls of fine flour put as much pounded rosin as will lie on a shilling; mix as much strong beer as will make it of a due consistency, and boil half an hour. Let it be cold before it is used.

A Durable Paint for out-door Work.—Any quantity of charcoal powdered, a sufficient quantity of litharge as a dryer, to be mixed smoothly with linseed oil. The above forms a good black paint, and by adding yellow ochre an excellent green is produced, which is preferable to a bright green used by painters for all garden work, and does not fade with the sun. This composition was first used by Dr. Parry, of Bath, on some spouts, which on being examined fourteen years afterward, was found to be as perfect as when first put up.

Orchard Catterpillar.—This insect 'comes and goes"—is abundant in some years, and in others nearly disappears. Where the millers or moths have left their rings or eggs on the shoots of trees, now is the time to destroy them. A practiced eye will see almost at a single glance if there are any on a tree, by the swelling or knob on which each one gives a shoot. Select a dark or cloudy day, or else a day when the sky is entirely clear—avoiding thin bright clouds, which will dazzle and hurt the eyes—and cut off every shoot which contains the eggs, and commit them to the fire. A single clip of the orchard shears on a pole, will prevent a destructive nest of these depredators.—*Country Gentlemen.*

A REGISTRY LAW.

More Expense and More Trouble to the People.

An Additional Tax of $2,000 Imposed upon Bedford County.

In keeping with the purpose of the radical party to fetter the people and concentrate power in the hands of the tricksters who now control public affairs, a Registry Law was passed by the late legislature, which requires the Assessors of the several election districts, on the first Monday in June, to revise the list of taxables furnished them by the commissioners, and then to visit every dwelling-house in the district to make further assessments. Naturalized citizens who have not been for five consecutive years voters in the district, are required to show their papers to the Assessor, and in default of so doing, their names will be omitted from the list of voters. Persons who have received their first papers and intend to obtain their full papers before the election, must also make claim to the Assessor of their intention to become citizens. In towns where the houses are not numbered, the name of the street, alley, or court in which the persons assessed resides, must be stated by the Assessor; when he is not a housekeeper, his occupation, place of boarding and with whom, and if working for another, the name of his employer, must be given. Upon the completion of the list, the Assessor shall return it to the commissioners, who shall cause duplicate copies to be made which shall be placed in the hands of the Assessor, who shall, prior to the first of August, put one copy thereof on the door of the election-house, and ratain the other in his possession for the inspection of such persons as may desire to examine it. He shall add to his list the names of such as shall make claim to him of their right to vote, *by personal application*, requiring such claimants to make the same proof as those previously assessed, but no assessments shall be made after the tenth day preceding the second Tuesday in October. The Assessor shall then, on the Monday following the closing of the assessments, return his list of additional assessments to the commissioners, who shall add the names on the additional list to those previously returned, and make out a copy of the entire list and furnish it to the election board of the district, before six o'clock, a. m., of the second Tuesday of October. The Secretary of the Commonwealth is to have prepared and printed, at the expense of the proper county, the necessary blanks to carry out the provisions of this act. There are other very important provisions of this Registry Law, to which we will refer in future. We shall publish the act, except that part of it which relates exclusively to the city of Philadelphia, in our next. For the present we content us with merely calling attention to the expensive and irksome machinery of the act. It is oppressive to the voter, especially to the naturalized citizen, and it makes him pay dearly for the oppression. The blanks to carry out the act, will, alone, cost about $700. The extra expenses of making the assessments and furnishing lists to the election boards will not average less than $50 per district, which will be $1,300 for this county. Here, then, is an additional expense of TWO THOUSAND DOLLARS imposed upon the people of Bedford county, in order to enable the radical leaders to hamper and oppress them. The cost of this Registry Law, to the state at large, will not be less than $200,000! This is one of the luxuries people obtain by voting the radical ticket. They can digest it at their leisure.

EXACTLY.

There is a great ado in the Radical journals about the rights of man.—That is, the rights of the black man.

Under the General principle of extension of suffrage these hypocritical sheets cloak their base purpose of destroying altogether the power and value of the elective franchise.

The XVth Amendment proposes that the *people* shall *give up* the right to control and regulate the exercise of the right of suffrage and permit Congress hereafter to control and regulate it for them. This right was reserved by the people to themselves when the federal government was formed. Now here is one of "the rights of man" about to be taken from the people. It is true the elective franchise is to be extended to a race which has not hitherto enjoyed it, but it is not the elective franchise hertofore possessed by the white voters of the United States. It is to be something similar to the Universal suffrage in vogue in France, where everybody votes, but where the votes are given according to the Imperial pleasure of Nepoleon III. Congress, being the supreme power in this country, is substituted as the Nepoleonic despot under this XVth Amendment. White and black are to vote, but their ballots are to be cast according to the dictation of the "rings" which rule in the Congressional lobby.

Is this what the Africans expect? Is this the great right that is to be conferred upon them? Do they ask for bread, and are they to be given this stone? If the African is intelligent enough to vote, he has sense enough to see that the XVth Amendment is designed to take from the people a right which they have possessed since the adoption of the Constitution, and, therefore, that it makes him, as well as the white man, a voter merely in name but not in reality. It is a fraud upon both races. It is a delusion and a snare. It is a cunning device by which, under pretence of liberalizing popular institutions, power is to be wrested from the people and vested in Congress, with a view to federal centralization and the establishment of a congressional oligarchy.

The "rights of man!" Exactly. That is precisely what we contend for, when we resist the adoption of the XVth Amendment. That Amendment is intended to swindle the people out of one of their dearest rights, by depriving them of the control of the elective franchise, and, therefore, confers no right, but works a flagrant and outrageous wrong.

A LITTLE HISTORY.

Some of the radical journals assert that prior to the adoption of the present State Constitution, persons of the African race exercised the right of suffrage in Pennsylvania. They lay great stress upon the fact that in Penn's charter and in the Constitution of 1790, every "*freeman*" was made an elector. They carefully avoid stating that negroes were *slaves* in Pennsylvania from the time of their introduction into the state until the year 1780. They were *slaves* when the Declaration of Independence was adopted and remained so for four years afterward, when they were liberated by what is known as the Emancipation Act. In an act passed in 1726, negroes were denominated "an idle and slothful people," and magistrates were directed to "bind out free negroes for laziness or vagrancy." The penalty of reduction to slavery was added, in the same act, to the crime of a negro intermarrying with a white person. Hence, as negroes were slaves until 1780, and especially under the ban of the law, it follows that they could not have been voters prior to that date. Penn's charter, therefore, did not enfranchise them, for under it and its amendments they were held in slavery.

As to the meaning of the word "freeman" in the Constitution of 1790, we have the unanimous decision of the Supreme Court, in an opinion delivered by the greatest jurist that ever sat upon the bench of Pennsylvania, John Bannister Gibson. In 6 Watts, page 553, is reported the case of *Hobbs* against *Fogg*, in which a negro of Luzerne county brought suit against an election board for refusing his vote. The case was carried to the Supreme Court, which unanimously decided that the word "freeman" in the Constitution of 1790, *did not apply to negroes or persons of color*.

We refer to these historical facts merely to prove the falsehood of the Radical newspapers in asserting that formerly Africans were legal voters in Pennsylvania. They never were at any time. Doubtless in some instances, their votes were received in defiance of law, just as the votes of white persons are occasionally taken now-a-days. But under the Constitution and the laws they never were, at any period in the history of the State, *legal* voters. And this effectually disposes of the clap-trap and fustian of certain radical prints, about returning to the principles of our forefathers." That would be to return to slavery, so far as the African is concerned. Is that the next step our Radical reformers propose to take?

THE rule adopted by the Forty-first Congress, for the filling of the various official appointments, was that where there was a Republican member of Congress, he was to have complete control of the appointments in his own district. Where there were Democratic congressmen the officers were to be appointed by the United States Senators.—*Inquirer*.

Under this rule John Cessna has control of all the post offices in his district, yet that truthful individual says that he could not control the appointment for Bedford, and that Simon Cameron took it out of his hands. "A poor excuse is better than none."

WE see by our exchanges that there is an immense amount of grumbling at the Congressional appointments. Congressmen generally seem to have succeeded in defying the wishes of their constituents. They do not say whether the offices have been sold at auction, traded off or assigned by lot.—*Inquirer*.

No allusion, we hope, to "our" Congressman. He dosen't sell, or trade, or assign by lot; he only peddles and parcels out.

The cause of the recruiting of the army, just now found necessary, is stated to be that the army is not so large as it was thought to be. Its *personnel* is below the minimum.

PHILADELPHIA.

[Correspondence of the Bedford Gazette.]

PHIL'A., April 29, 1869.

THE ODD FELLOWS' PARADE, on the 26th inst., was a grand affair. The day was all any one could desire; clear and a pleasant air. We went on Broad at 12 m., where the line formed, and saw the whole procession, march and counter-march. To say the sight was grand and imposing would convey a poor idea of this civic demonstration. For three miles on Broad there was a surging mass of humanity packing that great thoroughfare, and crowding the pave and street so densely as sometimes to impede the march. Every available foot, where you could gain a good view, was occupied long before the line formed. Windows, balconies, roofs, evreything, were crowded. Flags and bunting were flung from almost every dwelling; and the city all over partook of the pride and excitement of the day. Such a sight is not often beheld.

We have seen no estimate of the number in line, but a friend at my side timed them by the minute as averaging one hundred and twenty-five, and the whole column was two hours in passing. This, however, does not include the whole number in the city; for ten thousand at least did not march in procession. We counted fifty-two bands besides half as many drum corps. The banners and flags were rich and elegant, and taken altogether the demonstration eclipsed any civic parade ever seen in this city. We enjoyed a short ride in the procession with our friend Dr. Hickok, of your place, who is one of the Grand Officers. We are sorry our brief space prevents a more extended account. Other exercises connected with this Anniversary were equally interesting. The Odd Fellows (what a pity they have such an outlandish name, (may well be proud of their noble order and deserve all the success they have thus far achieved.

KNIGHTS TEMPLARS.

St. John's Commandery, No. 4, K. T., propose celebrating the Semi-centennial anniversary of the Commandery on the 15th of June next. Extensive preparations are being made for that event, and a large attendance of Knights from other cities is expected.

In addition to the parade, a reception will be held in the Academy of Music in the evening. A splendid affair is anticipated. In this connection we might state that the Masonic Lodges in this State during the past year initiated 3700 new members, and that the whole number within the jurisdiction of the Grand Lodge of Pa. is 29,840. And also, that the cost on the new temple on Broad street up to the present time has been about $300,000. The foundation is not yet complete, and accordingly it will require about eight years and probably two and a half million dollars. When *that* parade and dedication comes off, may we all be there to see!

LUTHER'S MONUMENT.

We were shown, the other evening, by the Rev. Dr. Krauth, a large medal, just sent over, commemorative of the dedication of the great monument to Luther at Worms. It is known that this monument is one of the grandest works of art in Europe or the world. The obverse of the medal contains a true picture of this monument, which cannot be described in a short article; and the reverse, the date and place, enclosing in their original language the memorable words of the great Reformer, before the Diet, "Here I Stand," &c. This medal marks the greatest epoch since the days of the Apostles, and, with the recent Jubilee medal issued by the Pa. Ministerium, will be held as lasting memorials by Protestantism.

DRINKING FOUNTAINS.

We are progressing not only in esthetics, art, invention, &c., but also in the department of the humane; and combining the *utile cum dulce*. Drinking fountains are to be an institution. We saw the new one on Walnut, opposite Seventh, the other day. It is constructed so that you can drink from the top by means of an easy arrangement; and the basin below is designed for horses, cattle and dogs. A few spontaneous fountains of soda water, on a sweltering day, would be a further improvement, we opine.

OUR TALL NEIGHBOR,

Judge Kelley, has returned from Washington, and again ensconced himself at home. Since his arrival we notice a continual stream of male visitors pouring in upon him. Wait till the women get a vote, and then we will all want to be Congressmen so we can number them among our disinterested callers. Such is the misery of political greatness. Our paper is full, and we are off to the Grand Concert of the Mendelssohn Musical Society to-night. We have had a warm, gentle rain, and Nature is gorgeous. As ever,

LINDEN.

WOODBERRY, PA.
April 27th, 1869.

EDITORS GAZETTE:—*Dear Sirs:*—Permit me to use a small portion of your columns, to inform your readers of a most enjoyable affair which took place here yesterday. I refer to the celebration of the semi-centennial anniversary of Odd Fellowship. At an early hour the appearance of the streets gave evidence that something unusual was about to take place. By ten o'clock the village was quite full of strangers and others, dressed in holliday attire, and looking as pleasant as a May morning. At eleven o'clock the procession was formed at the Odd Fellows' Hall. It consisted of Cove, Roaring Spring and part of Allaquippa Lodges of Odd Fellows, and was headed by the Pattonsville Cornet Band.—After the procession was concluded a very able address, suitable for the occasion, was delivered by Rev. J. Patton Moore of Alliquippa Lodge, Hopewell, Pa. He was followed by Revs. Akers, Lecky, Wilkinson and Hartman, with some very pleasant remarks by Past Grand J. E. Noble, who gave a short history of the origin and success of the Order in America. The whole affair passed off very pleasantly and every one appeared to be very much pleased with the success of the celebration. The splendid regalia, jewels of the officers and banner attracted a great deal of attention along the line of march.

We understand that the artist, Mr. S. B. Fluck, secured a very fine negative of the procession from which he will furnish photographs for all who want them. Hoping that the Order may ever flourish, as it apparently has here, I am, Yours Truly

"OUR OWN."—The second number of this new candidate for public favor is before us. This magazine is working its way into the world of periodical literature with flattering evidence of success. Published by Gillin, McGrigan & Griffin, 701 Chestnut st., Phila.

PACKARD'S MONTHLY.—The May number of this popular magazine is on our table. It is thoroughly readable from beginning to end and knows nothing about the "dignity of dullness." It is just the periodical for young men. $1 a year, by S. S. Packard, 937 Broadway, N. Y.

THE vast amount of Plantation Bitters now being sold and shipped from New York is almost incredible. Go when and where you will—along the wharfs and piers, and at the depots—you will see great piles of these Bitters awaiting shipment and conveyance to every nook and corner of the country, and to the hundreds of foreign ports. They are very popular among all classes of people, and are conceded to be just the thing for this climate. No Bitters have yet been introduced which have become so deservedly popular and worthy of patronage, to all who require a tonic and stimulant. They are prepared with pure St. Croix Rum, Calisaya and Cascarilla Bark, and all the world knows full well what beneficial results accrue from these combinations.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

A man's first concern is to do well in the world. The second is to protect himself against want. Business enterprise will do the first; economy will sometimes result in the second. But there are contingencies in life which no thrift nor sagacity can avoid.—Death may come, or pecuniary disaster, or National trouble, in which the most carefully prepared plans will be wrecked, and the proudest fortunes swept away. Thus, ever-present danger makes an ever-present duty, which is this: To protect our lives by an insurance policy which will give us an income while living, and a legacy to those we leave behind us. The National Life Insurance Company, chartered by a special act of Congress, and managed by men of National reputation for sagacity and prudence, proposes to insure lives at the lowest possible rate, and on the most liberal principles. Its advertisement will be found in another column, and we advise our readers to give it a careful study.

THE SARSAPARILLA DIGGERS OF YUCATAN.—This singular set of people are descended from the ancient Aztecs of Southern Mexico, and still retain some of the peculiarities which Stephens and Prescott gave of their ancestors. Dr. J. C. Ayer & Co., employ a small army of them in digging Sarsaparilla root. Provided with narrow spades, a coil of rope, and a bag of water, they are ready for the forest where the wild banana furnishes them with food, and thick leaved trees their only shelter. Few of those who find themselves rejuvenated by this product, know how much they are indebted to these humble laborers, who dig health for thousands of Doctor Ayer's patrons, while they sometimes lose their own.—*Boston Commercial*.

BRIEF NEWS ITEMS.

The interference of the United States Courts in Kentuckey in the case of John Conkey, a negro, convicted of murder and sentenced to be hung, excites considerable surprise in that State. A reprieve has been granted him by the Governor for thirty days, at the expiration of which period no further clemency will be granted.

Dr. Blanck, one of the physicians imprisoned on a charge of complicity in the death of the girl Ellen Corlock, was found in Hudson county (N. J.) jail the other Morning with his throat cut and several wounds upon his wrist and stomach, none of which, were of a mortal nature.

'COSTARS' BUCKTHORN SALVE

Is the most extraordinary SALVE ever known. Its power of Soothing and Healing for all Cuts, Burns, Bruises, Sores, Ulcers, Chapped Hands and Skin, for Sore Nipples, for Piles, &c., &c—is without a parallel. One person says of it, 'I would not be without a Box in my House, if it cost $5.00, or I had to travel all the way to New York.'

HUNTINGDON AND BROAD TOP R.R.—SPRING ARRANGEMENT.—TIME TABLE.—On and after April 29th, passenger trains will arrive and depart as follows:

Mail Train leaves Mt. Dallas at 1.00 p. m., arrives at Huntingdon at 4.20 p. m.; leaves Huntingdon at 8.40 a. m., and arrives at Mt. Dallas at 11.52 a. m.

Accommodation Train leaves Saxton 8.20 a. m., and arrives at Huntingdon, at 10.10 a. m.; leaves Huntingdon at 5.55 p. m., and arrives at Saxton at 7.41 p. m.

Bloody Run is talking brass band.

Subscription books are opened for the new Morrison's Cove Railroad.

Two fine horses were stolen in Hill Valley, Huntingdon county, last week.

Peter Lomp, of Ayr tp., Fulton county, killed a blacksnake, last week, that measured over seven feet.

The Altoona Steam Fire Engine Company has purchased a $600 span of horses to "run wid de masheen."

The blackguard scribbler of the Hollidaysburg *Register* is informed that the fire will be stirred up soon enough for him!

The Huntingdon *Globe* is running D. J. Morrell for Governor. Daniel will have to travel *more-ells* than are around that *Globe* before he can win.

The Masons and Odd Fellows of Hollidaysburg have bought a lot in that borough and intend erecting a three-story brick for halls and store-rooms.

A man who refuses "tanglefoot" is called a corn dodger. Corn dodgers were scarce last week, as candidates were plenty and bled freely.

Daring burglars entered the store of Johnson & Watson, at Huntingdon, one night, last week, and stole a large quantity of silks and other valuable goods.

The rolling mill part of the Juniata Iron Works, near Alexandria, Huntingdon county, was destroyed by fire on last Sunday night. Loss considerable, but covered by insurance.

QUERY.—Did or did not "our" member slip out of a side door, at the P. O. Department, to avoid a closely pursuing applicant? Did he? Echo answers, "he did." Cruel echo!

CHANGE OF TRAIN TIME.—On last Thursday, 29th., Schedule No. 1, summer arrangement on the Huntingdon & B. T. Railroad, appeared. The train now arrives at Mt. Dallas, at 11.52 A. M. and leaves at 1 P. M.

There is considerable growling at the appointment for postmaster at Huntingdon. If the *manner* of making the appointment was as outrageous as at Bedford, it is no wonder the people *growl*.

CARPETS.—James A. Brown has opened a new carpet store at Huntingdon, to which he invites all people of central Pennsylvania, and promises to sell at city prices. Persons visiting Huntingdon should give Mr. Brown a call. See ad vertisement.

We call attention to the card of W. C. Schaeffer, Esq. Mr. Schaeffer has lately been admitted to the bar, is a young man of more than ordinary ability, and we have no doubt will faithfully serve all who entrust law business in his care.

WORRIMENT.—The scribblers of the *Inquirer* are still greatly annoyed because we have such elegant apartments in the GAZETTE BUILDING. Their rooms compare poorly with ours.—This worries the boys. Don't fret, we were poor once, too, and had to put up with what we could get.

NARROW ESCAPE.—A little boy narrowly escaped death at McConnellsburg the other day. He was playing on the rotten pump floor of an old well, when it gave way and the little fellow went to the bottom. Fortunately he was extricated before life was extinct.

Attention is directed to the advertisement of R. V. Leo & Co., in this week's paper. Anything in the furniture or marble line will be furnished by them at the shortest notice, and on the most reasonable terms. They deserve to be extensively patronized.

HORSE THIEVES.—Fulton county seems to be infested by a gang of horse thieves. The *Democrat* says that two more fine horses were stolen, in Ayr, last week, and an attempt made to enter the stable of Judge Dickson, in Todd tp. These rascals should be summarily dealt with.

By the new law, township clerks are required, within sixty days after the annual elections, to make out and publish a full and complete statement of the financial condition of such townships, under a penalty of fifty dollars. The clerks should, therefore, bear this fact in mind.

ELECTION OF COUNTY SUPERINTENDENT.—The election for County Superintendent took place on Tuesday last. Prof. J. W. Hughes and H. W. Fisher were the candidates. The vote stood as follows: Fisher 76; Hughes 35. The salary was fixed the same as heretofore, $1,000.

In the progress of a trial, at our court, last week, the veracity of a colored witness was impeached. A colored "brother" was called upon the stand. In answer to the usual question, the witness said that he knew nothing about the man's character either *future or intrary!*

HINTED.—The *Inquirer* of last week, has the following pointed article in regard to the fraud perpetrated upon the people of this borough and vicinity, by John Cessna, in the matter of the Post-office:

"Mr. A. Sidney Russell was elected Postmaster in this place by a majority of one hundred and twenty-six over all competitors, there being but forty-five votes cast against him. This unmistakable and emphatic expression of the people's wishes has however been utterly disregarded."

LEGAL ADVERTISING.—The law requiring legal advertisements, such as Executors' and Administrator's Notices, Orphan's Court Sales, Auditors' Notices, &c., to be published in the two papers having the largest circulation, has been changed. As the law now stands, it requires the publication of all legal notices in *two papers, one of each political party*. Of course this makes the GAZETTE one of the mediums through which all such advertising must be done. Administrators, Excutors, Auditors, &c., will please take notice. w3

CHURCH DEDICATION.—The new Evangelical Lutheran Church of Bloody Run, Bedford co., Pa., will be dedicated to the service of Almighty God, on Sabbath, the 23rd day of May, 1869. Rev. R. A. King, President of the Alleghany Synod and Rev. H. Baker, Pastor of the Evangelical Church of Altoona, will be present (D. V.) on this occasion. There will be services in the church on Saturday evening previous. The neighboring Lutheran ministers and ministers of other denominations, and the public generally, are cordially invited to attend.

WENT BACK ON THEM.—During the trial of a cause, last week, an ardent admirer of Article XV and a dusky descendant of Ham, who once upon a time had shown his fondness for the feathered tribe by capturing a few hens, was on the witness stand. Upon cross-examination a certain lawyer who enjoys a joke hugely, asked him, "How about those chickens, Tom?" Quick as thought Tom answered, "I don't think there is as much harm in taking a few chickens as there is in *those big fellows robbing the Government every day*." Sooty son of sunny clime! Nobly hast thou spoken!

FIRES IN FULTON.—The Fulton *Democrat* records the following fires in that county:—On Wednesday week the house of Mr. Daniel Lamberson, Jr., of Taylor tp., was entirely consumed by fire with its entire contents. No insurance.

On Sunday last a fire broke out in the house of Mrs. Reader, near Hustontown, consuming the house and barn and all her farming utensils. The fire originated from a stove pipe which run through the roof. No insurance.

On Monday last the house of Mr. Cromer, in Fort Littleton, was entirely consumed by fire which originated from a stove pipe running through the roof. Only a few articles were saved. Insured.

A WARNING.—Two dwelling houses with all their contents, were destroyed in Fulton county, last week, the fires originating from the criminal practice of running the stove pipe through the roof. One was the home of a widow lady, with a family of seven children, who were left penniless by the disaster. We have always looked upon the practice of running a pipe through a shingle roof, as a very dangerous and foolhardy experiment, in fact, a first class invitation to the destructive element to consume your home. This evil exists to some extent in this county, and we have often been surprised that we have not more frequently been called upon to record accidents by fire from this cause. We trust that the above cases will serve as a warning to all.

MORE POST OFFICE PEDDLING.—Another post office has been sold out by "our" member. We refer to the one at Saxton. In this instance "our" member has again shown his true character as a faithful(?) servant of the people. As early as last fall, Cessna made promises to have a Mr. White appointed at that place. Before he went to Washington he gave assurances that it was all right. So the matter stood till long after the appointment should have been made, when, Mr. White, happening east on business, concluded to proceed to Washington and ascertain the cause of the delay. On his arrival there, about the first person he met was "our" ubiquitous member, who told him he was too late—that some one else *had been appointed the day before*. To satisfy himself, Mr. W. went, the same day, to the P. O. Department and was there told that 'our' member had "just gone out" after having a *postmaster appointed for Saxton!* How are you promises! Who says "our" member is not an "artful dodger," and not so "dev-il-ish sly!" either.

RAILROAD MEETING.—A meeting of the friends of the Bedford and Bridgeport Railroad was held on Tuesday of Court week. Judge Kink was called upon to preside. Wm. Hartley, Esq., stated the object of the meeting in a few well-timed and forcible remarks. On motion of J. R. Durborrow, Esq., the following resolution was passed:

Resolved, That the chairman appoint a committee of one each, for Bedford borough and Bedford, Colerain, Napier, Harrison, Juniata, and Snake Spring townships to solicit and procure subscriptions to the Bedford and Bridgeport railroad.

The chairman then appointed the following gentlemen as said committee.—John Hafer, Bedford Bor.; Wm. Chenoweth, Bedford Tp.; Martin L. Hetrick, Colerain; Hon. G. W. Gump, Napier; Joseph Cessna, Harrison; George Blackburn, Snake Spring; William Keyser, Juniata. The books were on hand during the meeting but no subscriptions were received. The gentlemen who have been appointed to solicit subscription are known in their respective districts as energetic business men, and we trust that they will do their utmost to advance the interests of a project fraught with so much importance to every man in the county. Bedford Borough has done well, but can and *will* do better; and if the other districts which are equally interested, and through which the proposed road is to pass, will manifest a liberal spirit towards raising the necessary funds, the road is bound to be a success. Delay in this matter is dangerous and suicidal. Let the committee arouse the people on this all-important subject, and when we have once exhausted every effort and still fall short of the means to build the road, we can reasonably look abroad for help. The enterprise can and must be successful, and to this end let us all put our "shoulders to the wheel."

COURT PROCEEDINGS.—The regular April Term of court was held last week. The whole week was occupied in trying cases for the Commonwealth, not a case on the civil list being reached. The following are the cases disposed of in the court of Quarter Sessions:

Commonwealth vs. Jacob Dean. Indictment for horse-stealing on oath of G. Stuckey. Verdict, Guilty. Sentenced to one year in Western Penitentiary.

Same vs. Samuel Baily. Indictment for horse-stealing on oath of Eli Reinger. Verdict, Guilty. Sent to the House of Refuge. The defendant being only 14 years of age, the court adjudged him too young to send to the Penitentiary.

Same vs. Francis Diehl and Philip Wilkinson. Larceny. Defendants plead Guilty, and are sentenced to two months in county jail, and costs.

Same vs. Jacob Anders, *et al.* Indictment for obstructing highway, on affirmation of Jacob Beckley. Jury find defendants Not Guilty, and costs equally divided between prosecutor and defendants.

Same vs. Thomas Johnston. Indictment for For. & Bas., on oath of Ann Hill. Defendant found Not Guilty, but to pay all costs.

Same vs. Dr. J. M. Lindsay. Indictment for obtaining goods under false pretenses, on oath of E. Y. Imler. Found Guilty and sentenced to $20 fine, twenty-four hours in county jail and pay all costs.

Same vs. John W. May. Indictment for cutting timber, on oath of W. W. Barclay. Defendant found Not Guilty, but pay one-third of all costs and prosecutor two-thirds.

Philadelphia, March 28th, 1867.

MR. SCHEETZ—Dear Sir: I have used your Bitters, and seen them used by others with good effect, and in no case without producing good results. In one case a fellow workman was taken with vomiting and purging, and was so reduced that he was scarcely able to walk. I got your Bitters and gave him three doses in one hour, which entirely cured him.

IN THESE HARD TIMES YOU Cannot afford to pay three or four profits on articles of necessary use, when by sending a Club to
PARKER & CO'S
GREAT ONE DOLLAR SALE
Of Dry Goods, Linens, Parasols, Albums, Hosiery, Silver Plated Ware, Jewelry, Cutlery, French and German Fancy-Goods, of every description, you can purchase any thing in their immense stock for
ONE DOLLAR EACH.
The secret of our low prices is this:—We have a very large Cash Capital, and have buyers in all the principal cities of this country and in Europe, who purchase FOR CASH, DIRECT FROM THE MANUFACTURERS, all the goods used by us, thus saving the consumer the profits made by the Importer or Commission Merchant, the Wholesale and Retail Dealer, each of whom demands larger profit than taken by us. We can give *More Goods for one dollar* than the retail merchant for twice or three times that sum. Our goods are described on printed checks, which will be sent in Clubs for Ten Cents each, to pay postage, printing, &c.
If the article named on the Check is not wanted, you can exchange from a list comprising Three Hundred and Fifty useful articles, among which are—
Ladies Silk Parasols, Ladies' Fine White Tucked Skirts, Silver Plated Five Bottled Castors, and a large variety of useful articles, not one of which can be bought in any other way for nearly double the money.
Reference will be given, if required, from the most reliable Wholesale Merchants of Boston and New York, as to our standing and the strictly honorable character of our business.
☞We want Agents in every town to whom the following Commissions will be paid:—

Sewing Machines.

$25! $25!

THE

AMERICAN SHUTTLE

SEWING MACHINE!

Is retailed at a price within the reach of all. This Machine uses a straight needle, makes the LOCK STITCH (alike on both sides), has a self-adjusting tension, and can do every variety of sewing. It will hem, fell, bind, cord, braid, seam, built, tuck, ruffle, and gather; and will work equally well on silk, linen, woolen, or cotton goods, with silk, linen, or cotton thread.

THE

AMERICAN SHUTTLE SEWING MACHINE

—IS—

Warranted for Five Years!

Our Agents will be supplied with duplicate parts of the Machine, in case of accident. It makes precisely the same stitch made by the Singer, Wheeler & Wilson, Howe, and Florence Machines. It has the Under-feed, like the best of high-priced Machines, and is the only low-priced Shuttle Machine in the market that has this feed. We are enabled to sell a first-class SHUTTLE MACHINE at a very low price, on account of its Simplicity, and consequent low cost of Manufacturing, in comparison with Complicated Machines.

AGENTS.

We wish to arrange with Agents, male or female, to represent the American Shuttle Sewing Machine, in each State, County, and Town in the United States and Ontario. Extra inducements to Experienced Agents. For full particulars, as to Salary or Commission, address

G. V. N. ANDREWS,
General Ag't,
Detroit, Mich.

N. B.—For the benefit of our Agents we have arranged with parties who have goods suitable for Sewing Machine Agents to sell. We will send BOOK OF SAMPLES and full particulars on receipt of one red stamp. Address G. V. N. ANDREWS, General Agent, Detroit, Mich. nov6y1

OUR NEW FAMILY SEWING MACHINE.

The superior merits of the "Singer" Machines over all others, for either Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

OUR NEW FAMILY MACHINE,

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the Best Sewing Machine in existence. The machine in question is Simple, Compact, Durable and Beautiful. It is quiet, light running, and

CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK

never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhibited, and any information promptly furnished. Or communications may be addressed to

NATURE'S GREAT RESTORER.

SCHEETZ'S
CELEBRATED
BITTER CORDIAL.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

THE GREAT

ZINGARI BITTERS.

A Safe Blood Purifier,
A Splendid Tonic,
A Pleasant Beverage,
A CERTAIN CURE
AND
PREVENTIVE OF DISEASES.

The ZINGARI BITTERS are compounded from a prescription of the celebrated Egyptian physician DR. CHOPSUS, who, after years of trial and experiment, discovered the Zingari Herb—the most remarkable vegetable production, the earth, perhaps, has ever yielded—certainly the most effective in the cure of disease. It, in combination with the other valuable properties of which the Zingari Bitters is composed, will cure

Dyspepsia, Fever and Ague, Bilious Fever, Cholic, Colds, Bronchitis, Consumption in its first stage, Flatulency, Nervous Debility, Female Complaints, Rheumatism, Dysentery, Acute and Chronic Diarrhœa, Cholera Morbus, Cholera, Typhoid and Typhus Fever, Yellow Fever, Scrofula, Diseases of the Kidneys, Habitual Costiveness &c., &c.

In the PREVENTION and CURE of the above diseases, it has never been known to fail, as thousands of our most prominent citizens throughout all parts of the country will testify. Let the afflicted send for circular containing testimonials and certificates of those who have been cured after their cases have been pronounced hopeless by our best physicians.

AYER'S

HAIR VIGOR,

FOR THE RENOVATION OF THE HAIR.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or GREEN SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For DYSENTERY or DIARRHŒA, but one mild dose is generally required.

For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

For SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.

As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

The Waters' Pianos are built of the very best and most thoroughly seasoned material.—*Advocate and Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—*Home Journal.* jan15,'69.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

Miscellaneous.

AYER'S CHERRY PECTORAL,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometime subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

AYER'S AGUE CURE,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in no wise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had w
